

A Continuing Technical Education Program by
The Institute of Environmental Technology™

This is to certify that:

James E. Almrud

has successfully completed a four-month technical training program entitled:

Introduction to Environmental Technology™

and has earned 18 Continuing Education Units (18 CEUs).

March 14 through July 15, 1995

Laws and Regulations
Site Characterizations
Contaminant Transport
Project Management
Hydrogeology

William S. Hitchcock, Ph.D.
Ben A. Thomas, Ph.D.
Dick Flannery, Ph.D.
George Losonsky, Ph.D.
Donald A. Flory, Ph.D.
Angela LeVert

TOPICS TREATED
Health and Safety Strategies
Surface and Borehole Geophysics
Risk Assessment and Clean-Up Criteria
Statistics and Case Histories
Environmental Marketing and Recruiting

GUEST LECTURERS
Carl T. Brasseow, P.E., J.D.
Dick Woodward
Curt Stanley, P.G.
H.C. Clark, Ph.D.
Tom Whitehurst, P.G.

Sampling Protocols
Environmental Geochemistry
Aquifer Testing
Remediation Engineering
Environmental Perspectives

Gary T. Donnan, P.G.
Ted H. Foss, Ph.D., P.G.
Chris Boyce, P.G.
Nancy Worst
Chi-Chung Chang, Ph.D.
Robert M. Graziano, and others

Michael D. Campbell, P.G.
Principal Instructor

Rebecca A. Eklund, C.I.H.
Primary Lecturer

Richard C. Bost, P.E.
Primary Lecturer
